Need Financial Assistance?

The California Alternate Rates for Energy (CARE) Program reduces energy bills for eligible customers by about 30% and the Family Electric Rate Assistance (FERA) Program reduces energy bills by about 12%. Qualifications are based on participation in public assistance programs or household income. If someone in your household needs powered medical equipment, the Medical Baseline Program provides additional energy to your normal baseline allocation, saving you money. If you don't currently receive CARE, FERA, or Medical Baseline assistance, you can apply through SCE by calling them at 800-798-5723 or visiting their website at sce.com/care.

¿Necesita asistencia económica?

El Programa California Alternate Rates for Energy (CARE) reduce en aproximadamente un 30% las facturas de energía para los clientes que reúnen los requisitos y el Programa Family Electric Rate Assistance (FERA) reduce las facturas de energía en aproximadamente un 12%. La aceptación en los programas se basa en la participación en programas de asistencia pública, o en el ingreso del hogar. Si alguien en su hogar necesita equipo médico que funciona con energía eléctrica, el Programa Medical Baseline ofrece energía adicional a su asignación normal básica y así le ahorra dinero. Si usted actualmente no recibe asistencia de CARE, FERA o Medical Baseline puede solicitarla por medio de SCE llamando al 800-798-5723 o visitando su sitio web en sce.com/care.

需要補助嗎？

加州低收入專享費率 (CARE) 計畫能讓符合條件的用戶減少大約30%的電費，聯邦電費補助 (FERA) 計劃則能減少大約12%的電費。用戶是否符合條件依其參加公共援助計畫的情況或根據家庭收入狀況而定。如果您家中有人需要電力醫療設備，醫療基線 (Medical Baseline) 計畫能在您平常的基本電量分配外提供額外電量，為您節省費用。如果您目前不享有CARE、FERA或Medical Baseline計畫補助，您可以致電800-798-5723或造訪sce.com/care網站，透過SCE申請參加這些計畫。

Terms and Conditions of Service

Clean Power Alliance electric generation rates are competitive. Available rates can be reviewed at cleanpoweralliance.org or by contacting Clean Power Alliance at 888-585-3788 (TTY 323-214-1296). Any changes to Clean Power Alliance rates will be adopted at duly noticed public meetings of the Clean Power Alliance Board of Directors.

Southern California Edison (SCE) collects from Clean Power Alliance customers authorized charges for delivering power to your home or business and for providing other services. These components of your electric bill are the same whether you buy electricity from Clean Power Alliance or SCE.

Southern California Edison also charges Clean Power Alliance customers a Power Charge Indifference Adjustment (PCIA) and a Franchise Fee Surcharge. Both are calculated based on the number of kilowatt hours used each month. The PCIA is intended to ensure that customers who switch to Clean Power Alliance pay for energy that was acquired by SCE to serve them prior to their switch. Note that Clean Power Alliance rates are competitive with SCE's rates, even with these fees.

Billing: Each month, Clean Power Alliance customers receive a single monthly bill from SCE, just as they would under SCE bundled service. This bill includes all electric charges, including Clean Power Alliance's power generation charges. SCE will continue to charge you for transmission and distribution services they provide; this includes the cost of transmitting electricity to your home or business.

Enrollment: You were automatically enrolled in Clean Power Alliance, unless you opted out, on your scheduled meter read date on or following February 1, 2019.

Discount Programs: If you are currently enrolled

in the California Alternative Rates for Energy (CARE) program, the Family Electric Rate Assistance (FERA) program, Medical Baseline, Level Pay or Summer Discount Program, you will continue to receive all benefits and discounts as a Clean Power Alliance customer.

Opt out: You have the right to opt out without penalty at any time. You will not be charged any fees by Clean Power Alliance if you opt out or if you cancel electric service altogether (for example, if you move). However, customers who opt out of Clean Power Alliance after service launch may be charged a one-time account processing fee by SCE (currently 50 cents*), and will be prevented by SCE from returning to Clean Power Alliance for a minimum of twelve months. By opting out, you will also be subject to SCE's then current rates and terms and conditions of service. For details on SCE's rates and terms and conditions, please visit sce.com/tnc. If you opt out, you will still be charged for all electricity you used before the transfer of electric service. Accounts will be transferred when the electric meter is read and cannot be transferred during the middle of a billing cycle. In order for your request to be processed on your next meter read date, your request must be received at least 5 business days prior to the date on which the meter is read. To opt out, please call Clean Power Alliance at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org. Please have your electric bill handy so you have the information needed to process the request.

Failure to pay: Clean Power Alliance may transfer your account to SCE upon 14 calendar days' written notice to you if you fail to pay any portion of the Clean Power Alliance charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE.

**SCE's one-time account processing fee is subject to change. View SCE's fees at www.sce.com/regulatory/tariff-books.*

How does it work?

Your city or county chose Clean Power Alliance to be your new default electricity provider starting February 2019. Clean Power Alliance previously sent notices explaining how your city or county is leading the way to a healthier future and chose **Lean Power** as your default rate. You are now part of a local community dedicated to new, transparent energy choices, a better environment, and competitive rates.

Clean Power Alliance purchases renewable and carbon-free power and Southern California Edison (SCE) delivers it. SCE will continue to deliver power, send your bill, and resolve any service issues. Qualified customers will continue to receive financial assistance, rebates, and incentives.

You can change your rate at any time by choosing from our other two options: **Clean Power** and **100% Green Power**. You can also opt out and return to SCE by calling us at 888-585-3788 or visiting cleanpoweralliance.org/rates.

Usted es ahora parte de una comunidad local dedicada a opciones de energía nuevas y transparentes, un mejor medio ambiente y tarifas competitivas.

Clean Power Alliance compra energía renovable y libre de carbono y Southern California Edison (SCE) la transmite. SCE seguirá transmitiendo energía, enviando su factura por correo y seguirá resolviendo cualquier problema con el servicio electricidad. Los clientes que reúnen los requisitos seguirán recibiendo asistencia económica, reembolsos e incentivos.

Puede cambiar su tarifa en cualquier momento escogiendo una de nuestras dos opciones: **Clean Power (Energía Limpia, 50% renovable)** o **100% Green Power (Energía 100% Verde)**. Para informarse más, cambiar su tarifa u optar por dejar el servicio y regresar a SCE, visite cleanpoweralliance.org o llámenos al 888-585-3788 (TTY 323-214-1296).

What will it cost?

Lean Power provides a 1-2% overall bill savings compared to SCE.

Will these rates change?

We want to advise you that the California Public Utilities Commission recently approved SCE rate and fee increases to make up for SCE’s 2018 revenue shortfall of over \$800 million dollars. Since these fee increases will temporarily impact Clean Power Alliance customers, **we will adjust our rates as needed to ensure our current savings or premiums do NOT change and our rates remain competitive compared to SCE rates.**

Want a different rate?

No problem! You can change your rate at any time and at no cost by selecting one of Clean Power Alliance’s other two rate options: Clean Power and 100% Green Power. No matter the rate option, Clean Power Alliance offers the shared benefits of local management and control, stable, competitive rates, and higher renewable content. Compare your Clean Power Alliance and SCE rate options by using our bill comparison tool at cleanpoweralliance.org/compare.

¿Cuánto costará?

Lean Power (Energía *Lean*, 36% renovable) ofrece un ahorro general del 1–2% en su factura comparado con SCE.

¿Cambiarán esas tarifas?

Queremos notificarle que la Comisión de Servicios Públicos de California recientemente aprobó aumentos de tarifas y cargos de SCE para compensar el déficit presupuestario de SCE de más de \$800 millones en el 2018. Debido a que estos aumentos de cargos afectarán temporalmente a los clientes de Clean Power Alliance, **ajustaremos nuestras tarifas de la manera necesaria para garantizar que nuestros ahorros o costos adicionales NO cambien y que nuestras tarifas sigan siendo competitivas comparadas con las tarifas de SCE.**

¿Quiere una tarifa diferente?

¡No hay problema! Puede cambiar su servicio en cualquier momento sin costo alguno seleccionando unas de las dos opciones de tarifas de Clean Power Alliance: Clean Power (Energía Limpia, 50% renovable) o 100% Green Power (Energía 100% Verde). No importa cuál sea la opción de tarifas, Clean Power Alliance ofrece los beneficios compartidos de la administración y el control local, tarifas estables y competitivas, y mayor contenido de energía renovable. Compare sus opciones de tarifas de Clean Power Alliance y de SCE usando nuestra herramienta de comparación de tarifas en cleanpoweralliance.org/compare.

費用多少？

Lean Power（精益電力）與SCE的電費帳單相比大致可節省1—2%。

這些電費價格會改變嗎？

請注意，加州公用事業委員會近期已批准SCE為了彌補2018年超過8億元營收缺口而調漲電價的舉措。由於這些費用調漲會暫時對清潔電力聯盟用戶造成影響，**因此我們也會視需要調整電費，以確保目前提供的費用節省或增加百分比維持不變，而且我們的電費與SCE相比依然具有競爭力。**

想選其他方案嗎？

沒問題！您可以在任何時候免費變更方案，選用清潔電力聯盟另外兩種費率方案的其中一種：**Clean Power（清潔電力）**或**100% Green Power（綠色電力）**。無論是哪一種費率方案，清潔電力聯盟都會提供同樣的本地管理與控制、穩定且具競爭力的價格，以及更高可再生含量等益處。您可以利用 cleanpoweralliance.org/compare 網頁的帳單比較工具，對您的清潔電力聯盟和SCE費率方案進行比較。
