This information is required by the California Energy Commission to be sent to any customer that was served by Clean Power Alliance during 2018. Receiving this notice does not mean that your electrical services are currently with Clean Power Alliance. The generation data represents 2018 and is provided in the "Annual Report to the California Energy Commission: Power Source Disclosure Program." The 65% Renewable product was offered on a limited basis in 2018 before CPA adopted its current three rate tiers.
