Introduction

About Our Rates

Clean Power Alliance's 2020 rates are established to meet standard bill comparison targets approved by our Board of Directors (1-2% cost savings for Lean Power, 0-1% savings for Clean Power, and 7-9% cost premium for 100% Green Power). These overall bill savings or premium—depending on which rate option the customer chooses—are in comparison to Southern California Edison's (SCE's) base rates effective as of April 13, 2020.

Any changes to Clean Power Alliance rates will be adopted at public meetings of our Board of Directors.
