IMPORTANT NOTICE FROM YOUR  
CLEAN ENERGY PROVIDER.

[cleanpoweralliance.org/ourgreencities](https://cleanpoweralliance.org/ourgreencities)

## Camarillo is going to 100% Green Power!

Starting in October 2022, 100% clean and renewable energy from sources like the sun and wind will power homes and businesses in Camarillo.

This will reduce **173.5** million pounds of greenhouse gas emissions annually, which is like planting **1.3** million trees or taking **16,917** cars off the road.

Thank you, Camarillo!

## What does this mean for you and your electricity bill?

Using more renewable energy helps reduce the impacts of climate change. Because clean energy costs a little bit more, a typical bill for residents and small businesses will go up by approximately **4%**, or about **\$4 for every \$100 of electricity charges.\*** You could offset this cost by turning up your thermostat a couple of degrees in the summer. Follow Clean Power Alliance to learn more energy saving tips.

## Do you have a choice? Yes!

If you want to keep your bill what it currently is or learn more about other rate options, visit **[cleanpoweralliance.org/compare](https://cleanpoweralliance.org/compare)** or call us at **888-585-3788** or email us at **[customerservice@cleanpoweralliance.org](mailto:customerservice@cleanpoweralliance.org)**.

Clean Power Alliance supports access to clean energy for all and offers many customer assistance programs. Visit **[cleanpoweralliance.org/CPAbillhelp](https://cleanpoweralliance.org/CPAbillhelp)** to learn more and see if you qualify.

   @CleanPowerInfo

\*For residential customers on CARE/FERA/Medical Baseline rates, typical bills will increase approximately 1%.
