

REQUEST FOR PROPOSALS (RFP)

FOR

RESIDENTIAL AND MULTIFAMILY SOLAR AND BATTERY STORAGE SERVICES

1. OBJECTIVE

Clean Power Alliance of Southern California (“CPA”) is seeking proposals (“Proposals”) from qualified and experienced contractors (individually, a “Proposer” and collectively, “Proposers”) to design, finance/lease, install, operate, and maintain photovoltaic (“PV”) solar and battery storage systems for low income single family and multifamily customers.

CPA is looking for innovative and novel approaches that leverage outside sources of capital and minimize the need for additional investment by CPA in order to scale the offering and maximize the benefits to customers. Proposers may provide proposals for one or both of the customer groups. CPA reserves the right to select multiple bidders per category.

2. PROJECT BACKGROUND

CPA is a Community Choice Aggregator (“CCA”) program, established as a Joint Powers Authority, made up of 35 local agencies across Los Angeles and Ventura Counties (CPA’s member agencies are set forth in Attachment C). These agencies have banded together to provide cleaner electricity at competitive rates, offering a choice of electricity service providers to approximately three million residents and businesses through approximately one million customer accounts in Southern California.

CPA is seeking a solar and battery storage service provider to assist customers in (a) single family homes and/or (b) multifamily buildings in CPA’s service territory to access no upfront cost behind the meter (“BTM”) solar PV and battery energy storage systems (“Solar and Storage System”) to increase their resiliency during an outage, provide bill savings, and allow them to access clean renewable energy generated on-premises. These customers currently face many barriers to clean energy adoption, including prohibitive costs, access to financing, and roofing adequacy, in addition to the split incentive challenge facing renters and multifamily tenants.

To help increase clean energy system adoption for these customers, CPA plans to launch a program that connects customers with a vendor(s) that will provide the

technical and financial resources for Solar and Storage System installation at single family dwellings or multifamily properties. The proposed program will offer customers Solar and Storage Systems at no upfront cost and with no credit check through a combination of (a) innovative financing or leasing approaches from Proposer(s) that leverage incentives, tax credits, and other sources of capital and (b) if necessary, financial incentives from CPA to make these systems accessible for the targeted customers.

Further, the proposed program will ensure that energy and financing/lease payments will not exceed bill savings. The selected Proposer(s) will provide for operation and maintenance of each Solar and Storage System for the expected lifespan of such system. CPA is not looking to fully cover the costs of system installation and operation but rather, if required, supplement a portion to ensure customers are receiving cost savings.

The selected Proposer(s) will help CPA develop this offering and will be responsible for enrolling customers, financing or leasing the projects, installing, maintaining, and operating the Solar and Storage Systems.

3. QUALIFICATIONS AND EXPERIENCE

A qualified Proposer should have the following minimum qualifications and experience:

- Proposer must have applicable qualifications and experience with:
 - Designing Solar and Storage Systems for residential households and/or multifamily buildings.
 - Coordinating with contractors to install Solar and Storage Systems for residential households and/or multifamily buildings.
 - Financing or leasing Solar and Storage Systems.
 - Operating and maintaining Solar and Storage Systems.
 - Customer outreach, engagement, and support.
- Proposer must have applicable qualifications and experience with installing Solar and Storage Systems for residential and/or multifamily customers in California.

4. SCOPE OF SERVICES

4.1. Scope of Work

A detailed description of the Scope of Work for Residential and/or Multifamily Solar and Battery Storage Services (“Scope of Work”) is contained in Attachment A (“Scope of Services”). This Scope of Work will be customized based on the selected Proposer(s) approach during the contract negotiation period. CPA is looking for proposals that address one or both distinct customer groups:

Single Family	Multifamily
<ul style="list-style-type: none"> Single family dwellings of California Alternative Rates for Energy (“CARE”), Family Electric Rate Assistance (“FERA”), or Medical Baseline (“MBL”) customers. 	<ul style="list-style-type: none"> Affordable housing buildings in CPA’s service territory, Multifamily buildings within Disadvantaged Communities¹ (“DACs”), or Multifamily buildings whose tenant population is at least 65% CARE or FERA eligible.

Proposers may respond to one or both customer groups. CPA may select multiple bidders in each group. CPA is currently targeting to support at least 150 single family homes and 150 multi-family units through this program, which may change at CPA’s discretion. CPA’s desire is to serve the greatest number of customers possible, which is why it is seeking ideas from Proposers on innovative approaches that leverage outside capital and minimize CPA expenditures.

The Scope of Work is meant to be indicative of what CPA believes is necessary to accomplish the goal of installing Solar and Storage Systems in the target customer groups. However, CPA is open to alternative approaches and negotiation on the scope in order to meet its overall objectives.

4.2. Term of Work

Services under this RFP are expected to commence on October 7, 2024, and continue until September 30, 2027 (“Initial Term”). At the end of the Initial Term, the Parties may renew this Agreement for successive one (1) year terms for a maximum of two years (each a “Renewal Term” and together with the Initial Term, the “Term”). If alternative structures are required to enable the Proposer’s approach, Proposer should describe in detail the alternative and the justification. It is expected that any contract between the Proposer and participating customer will extend beyond the Term of this Agreement.

5. PRICING

5.1. Proposer must (a) describe in detail the compensation structure to meet the Scope of Services specified in **Attachment A**; (b) describe in detail any fees or charges for travel, telephone calls, and any other expenses anticipated to be incurred, which shall be separately billed (NOTE: any compensation for such fees or expenses shall be at-cost, i.e., no margin, or additional fees shall be charged); and (c) describe in detail any discounts or downward adjustments that

¹ As defined by CalEnviroScreen 4.0 (<https://oehha.ca.gov/calenviroscreen/report/calenviroscreen-40>)

are available and the conditions for such discounts. The compensation structure can include (i) fixed price or (ii) alternative rates, in which case the Proposer must specify the rate increments for each element of the anticipated service outlined herein, and a not-to-exceed amount. Proposer is not required to charge CPA for any or all of these categories.

5.2. Proposer may, at its option, submit one (1) alternative pricing proposal but that proposal must specify any additional amounts proposed and justify in detail the cost breakdown for each individual scope item described in Attachment A, or by another divisible increment. Alternative pricing proposal may include a different pricing structure than what is proposed in 5.4, such as cost per kWh delivered or cost per kW discharged. The Proposer may also provide an alternative timeline for funding beyond the first 3 years of the program. CPA reserves the right, at its sole discretion, to reject or accept any alternative pricing proposal.

5.3. Proposer may request compensation for costs related to program start up, marketing and outreach, and Solar and Storage System installation, although compensation is not required. Proposer should include the per unit costs/incentive from CPA for installations needed to achieve guaranteed savings for customers. Additionally, Proposer should include all assumptions used for the calculation of any per unit costs for installations.

5.4. Proposer should provide a pricing matrix for fees requested from CPA that aligns with the format set forth in the table below (Proposer should add subtasks if necessary). Proposer must also list and describe any tax credits, incentives, or other capital sources planned to be used.

Scope Category	Year 1		Year 2		Year 3		Total
	Per Unit	Total	Per Unit	Total	Per Unit	Total	
Program Start Up		\$		\$		\$	\$
Marketing and Outreach		\$		\$		\$	\$
CPA contribution for single Family installation and operation and maintenance		\$		\$		\$	\$
CPA contribution for multi-family installation and operation and maintenance		\$		\$		\$	\$
TOTALS		\$		\$		\$	\$

"CPA Materials" shall mean all finished or unfinished content, writing and design materials but not limited to messaging, design, personalization, or other materials, reports, plans, studies, documents and other writings prepared by Contractor, its officers, employees and agents for CPA for the performance of, the purpose of, or in the course of implementing this Agreement.
- e. "CPA Product" includes collectively CPA Data, CPA Information, and CPA Materials.

2. Exhibits and Attachments

The following exhibits and attachments are attached to this Agreement and incorporated into this Agreement by this reference:

Exhibit A – Scope of Work

Exhibit B – [Contractor's Workplan and Schedule] [Reserved] [Include Exhibit B if services include implementation, deliverables, phases/stages, or the work is complex]

Exhibit C – Compensation [This is the description of the contractor's compensation]

Exhibit D – [Reserved] [Optional: Attach Contractor's bid response, e.g., proposal, statement of qualifications, or other material that describes Contractor's commitment]

Should a conflict arise between language in the body of this Agreement and any exhibit or attachment to this Agreement, the language in the body of this Agreement controls, followed by Exhibit A, B, C, and D in that order.

3. Services to be Performed by Contractor

In consideration of the payments set forth in this Agreement and in Exhibit C, Contractor shall perform services for CPA in accordance with the terms, conditions, and specifications set forth in this Agreement and in [Exhibits A and B] ("Services").

4. Compensation

CPA agrees to compensate Contractor as specified in Exhibit C:

- a. In consideration of the Services provided by Contractor in accordance with all terms, conditions and specifications set forth in this Agreement and Exhibit A [and Exhibit B], CPA shall make payment to Contractor on a [time and materials, not-to-exceed, or fixed fee] basis and in the manner specified in Exhibit C.
- b. Unless otherwise indicated in Exhibit C, Contractor shall invoice CPA monthly to accountspayable@cleanpoweralliance.org for all compensation related to Services performed during the previous month. Payments shall be due within

fifteen (15) calendar days after the date the invoice is submitted to CPA at the specified email address. All payments must be made in U.S. dollars.

5. Term

Subject to compliance with all terms and conditions of this Agreement, the term of this Agreement shall be one (1) year from the Effective Date (“Initial Term”). [Optional: “At the end of the Initial Term, the Parties may renew this Agreement for two successive one (1) year terms for a maximum of two additional years (each, a “Renewal Term”), unless either Party provides ninety (90) days prior written notice of its intent not to renew the term of the Agreement (“Renewal Notice”)]

6. Termination

- a. Termination for Convenience. CPA may terminate the Agreement in accordance with this paragraph in whole, or from time to time in part, whenever CPA determines that termination is in CPA’s best interests. A termination for convenience, in part or in whole, shall take effect by CPA delivering to Contractor, at least thirty (30) calendar days prior to the effective date of the termination or prior to a Notice of Termination specifying the extent to which performance of the Services under the Agreement is terminated.

If the termination for convenience is partial, Contractor may submit to CPA a request in writing for equitable adjustment of price or prices specified in the Agreement relating to the portion of this Agreement which is not terminated. CPA may, but shall not be required to, agree on any such equitable adjustment. Nothing contained herein shall limit the right of CPA and Contractor to agree upon amount or amounts to be paid to Contractor for completing the continued portion of the Agreement when the Agreement does not contain an established price for the continued portion. Nothing contained herein shall limit CPA’s rights and remedies at law.

- b. Termination for Default. If Contractor fails to provide in any manner the Services required under this Agreement, otherwise fails to comply with the terms of this Agreement, or violates any ordinance, regulation or law which applies to its performance herein and such default continues uncured for thirty (30) calendar days after written notice is given to Contractor, CPA may terminate this Agreement by giving five (5) business days’ written notice. If Contractor requires more than thirty (30) calendar days to cure, then CPA may, at its sole discretion, authorize additional time as may reasonably be required to effect such cure provided that Contractor diligently and continuously pursues such cure.
- c. Termination for Lack of Third-Party Funding. CPA may terminate this Agreement if funding for this Agreement is reduced or eliminated by a third-party funding source.
- d. Effect of Termination. Upon the effective date of expiration or termination of this Agreement: (i) Contractor may immediately cease providing Services in its entirety or if a termination to a part of the Agreement, cease providing the Services that have been terminated; (ii) any and all payment obligations of CPA under this Agreement will become due immediately except any equitable adjustment pursuant to Paragraph 5(a); (iii) promptly transfer title and deliver to CPA all CPA Product or any work in progress pursuant to this Agreement; and (iv) each Party

will promptly either return or destroy (as directed by the other Party) all Confidential Information of the other Party in its possession as well as any other materials or information of the other Party in its possession.

Upon such expiration or termination, and upon request of CPA, Contractor shall reasonably cooperate with CPA to ensure a prompt and efficient transfer of all data, documents and other materials to CPA in a manner such as to minimize the impact of expiration or termination on CPA's customers.

7. Contract Materials

CPA owns all right, title and interest in and to all CPA Materials and CPA Data. Upon the expiration of this Agreement, or in the event of termination, CPA Materials and all CPA Information, in whatever form and in any state of completion, shall remain the property of CPA and shall be promptly returned to CPA. Upon termination, Contractor may make and retain a copy of such CPA Materials if required by law or pursuant to the Contractor's reasonable document retention or destruction policies.

8. Payments of Permits/Licenses

Contractor bears responsibility to obtain any license, permit, or approval required for it to provide the Services to be performed under this Agreement at Contractor's own expense prior to commencement of the Services.

9. No Recourse against Constituent Members

CPA is organized as a Joint Powers Authority in accordance with the Joint Exercise of Powers Act of the State of California (Government Code Section 6500, et seq.) pursuant to the Joint Powers Agreement and is a public entity separate from its constituent members. CPA shall solely be responsible for all debts, obligations and liabilities accruing and arising out of this Agreement. Contractor shall have no rights and shall not make any claims, take any actions or assert any remedies against any of CPA's constituent members in connection with this Agreement.

10. Confidential Information

- a. Duty to Maintain Confidentiality. Contractor agrees that Contractor will hold all Confidential Information in confidence, and will not divulge, disclose, or directly or indirectly use, copy, digest, or summarize, any Confidential Information unless necessary to comply with any applicable law, regulation, or in connection with any court or regulatory proceeding applicable in which case, any disclosure shall be subject to this paragraph, 10.c., and 10.d., below.
- b. Definition of "Confidential Information". The following constitutes "Confidential Information," whether oral or written: (a) the terms and conditions of, and proposals and negotiations related to, this Agreement, (b) information, in whatever form, that CPA shares with Contractor in the course and scope of this Agreement, or (c)

information that either Contractor stamps or otherwise identifies as “confidential” or “proprietary” before disclosing it to the other.

Confidential Information shall not include: (1) information that is generally available to the public or in the public domain at the time of disclosure; (2) information that becomes publicly known other than through any breach of this Agreement by Contractor or its Representatives; (3) information which is subsequently lawfully and in good faith obtained by Contractor or its Representatives from a third party, as shown by documentation sufficient to establish the third party as the source of the Confidential Information; provided that the disclosure of such information by such third party is not known by Contractor or its Representatives to be in breach of a confidentiality agreement or other similar obligation of confidentiality; (4) information that Contractor or its Representatives develop independently without use of or reference to Confidential Information provided by Contractor; or (5) information that is approved for release in writing by Contractor.

- c. California Public Records Act. The Parties acknowledge and agree that the Agreement including but not limited to any communication or information exchanged between the Parties, any deliverable, or work product are subject to the requirements of the California Public Records Act (Government Code Section 6250 et seq.). In order to designate information as confidential, the Disclosing Party must clearly stamp and identify the specific portion of the material designated with the word “Confidential.” The Parties agree not to over-designate material as Confidential Information. Over-designation includes stamping whole agreements, entire pages or series of pages as “Confidential” that clearly contain information that is not Confidential Information.
- d. Third Party Request for Confidential Information. Upon request or demand of any third person or entity not a Party hereto pursuant to the California Public Records Act for production, inspection and/or copying of Confidential Information (“Requested Confidential Information”), CPA will as soon as practical notify Contractor in writing via email that such request has been made. CPA will be solely responsible for taking at its sole expense whatever legal steps are necessary to prevent release to the third party of the Confidential Information designated by Contractor. If Contractor takes no such action after receiving the foregoing notice from CPA, CPA shall, at its discretion, be permitted to comply with the third party’s request or demand and is not required to defend against it. If Contractor does take or attempt to take such action, Contractor agrees to indemnify and hold harmless CPA, its officers, directors, employees and agents (“CPA Indemnified Parties”), from any claims, liability, award of attorneys’ fees, or damages, and to defend any action, claim or lawsuit brought against any of CPA Indemnified Parties for Contractor’s attempt to prevent disclosure or CPA’s refusal to disclose any Confidential Information.

11. Insurance

All required insurance coverages shall be substantiated with a certificate of insurance and must be signed by the insurer or its representative evidencing such insurance to CPA within 10 business days after the Agreement is fully executed. The general liability policy shall be endorsed naming Clean Power Alliance of Southern California and its employees, officers and agents as additional insureds. The certificate(s) of insurance and required

endorsement shall be furnished to CPA prior to commencement of work and maintained throughout the Term and any Renewal Term. Each certificate shall provide for thirty (30) days advance written notice to CPA of any cancellation or reduction in coverage. Said policies shall remain in force through the life of this Agreement and shall be payable on a per occurrence basis only, except those required by paragraph (d) below which may be provided on a claims-made basis consistent with the criteria noted therein.

Nothing herein shall be construed as a limitation on Contractor's obligation under paragraph 12 of this Agreement to indemnify, defend, and hold CPA harmless from any and all liabilities arising from the Contractor's negligence, recklessness or willful misconduct in the performance of this Agreement. CPA agrees to timely notify the Contractor of any negligence claim.

Failure to provide and maintain the insurance required by this Agreement will constitute a material breach of the Agreement. In addition to any other available remedies, CPA may suspend payment to the Contractor for any services provided during any time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required coverage.

a. General Liability

The Contractor shall maintain a commercial general liability insurance policy in an amount of no less than one million (\$1,000,000.00) with a two million dollar (\$2,000,000.00) aggregate limit. CPA shall be named as an additional insured on the commercial general liability policy and the Certificate of Insurance shall include an additional endorsement page.

b. Auto Liability

Where the services to be provided under this Agreement involve or require the use of any type of vehicle by Contractor in order to perform said services, Contractor shall also provide comprehensive business or commercial automobile liability coverage including non-owned and hired automobile liability in the amount of one million dollars combined single limit (\$1,000,000.00).

c. Workers' Compensation

The Contractor acknowledges the State of California requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of the Labor Code. If Contractor has employees, a copy of the certificate evidencing such insurance or a copy of the Certificate of Consent to Self-Insure shall be provided to CPA prior to commencement of work.

d. Professional Liability Insurance

Coverages required by this paragraph may be provided on a claims-made basis with a "Retroactive Date" either prior to the date of the Agreement or the beginning of the contract work. If the policy is on a claims-made basis, coverage must extend to a minimum of twelve (12) months beyond completion of contract work. If coverage is cancelled or non-renewed, and not replaced with another claims made policy form with a "retroactive date" prior to the Agreement effective date, the Contractor must purchase "extended reporting"

coverage for a minimum of twelve (12) months after completion of contract work. Contractor shall maintain a policy limit of not less than \$1,000,000.00 per incident. If the deductible or self-insured retention amount exceeds \$100,000.00, CPA may ask for evidence that Contractor has segregated amounts in a special insurance reserve fund or Contractor's general insurance reserves are adequate to provide the necessary coverage and CPA may conclusively rely thereon.

Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of the Agreement. Contractor shall monitor the safety of the job site(s) during the project to comply with all applicable federal, state, and local laws, and to follow safe work practices.

12. Indemnification

Contractor agrees to indemnify, defend, and hold harmless CPA, its employees, officers, and agents, from and against, and shall assume full responsibility for payment of all wages, state or federal payroll, social security, income or self-employment taxes, with respect to Contractor's performance of this Agreement. Contractor further agrees to indemnify, and hold harmless CPA from and against any and all third-party claims, liabilities, penalties, forfeitures, suits, costs and expenses incident thereto (including costs of defense, settlement, and reasonable attorney's fees), which CPA may hereafter incur, become responsible for, or pay out, as a result of death or bodily injuries to any person, destruction or physical damage to tangible property, or any violation of governmental laws, regulations or orders, to the extent caused by Contractor's negligent acts, errors or omissions, or the negligent acts, errors or omissions of Contractor's employees, agents, or subcontractors while in the performance of the terms and conditions of the Agreement, except for such loss or damage arising from the sole negligence or willful misconduct of CPA, elected and appointed officers, employees, agents and volunteers.

13. Independent Contractor

- a. Contractor acknowledges that Contractor, its officers, employees, or agents will not be deemed to be an employee of CPA for any purpose whatsoever, including, but not limited to: (i) eligibility for inclusion in any retirement or pension plan that may be provided to employees of Contractor; (ii) sick pay; (iii) paid non-working holidays; (iv) paid vacations or personal leave days; (v) participation in any plan or program offering life, accident, or health insurance for employees of Contractor; (vi) participation in any medical reimbursement plan; or (vii) any other fringe benefit plan that may be provided for employees of Contractor.
- b. Contractor declares that Contractor will comply with all federal, state, and local laws regarding registrations, authorizations, reports, business permits, and licenses that may be required to carry out the work to be performed under this Agreement. Contractor agrees to provide CPA with copies of any registrations or filings made in connection with the work to be performed under this Agreement.

14. Compliance with Applicable Laws

Contractor shall comply with any and all applicable federal, state and local laws and

resolutions affecting Services covered by this Agreement.

15. Nondiscriminatory Employment

Contractor and/or any permitted subcontractor, shall not unlawfully discriminate against any individual based on race, color, religion, nationality, sex, sexual orientation, age, protected veteran status, or condition of disability. Contractor and/or any permitted subcontractor understands and agrees that Contractor and/or any permitted subcontractor is bound by and will comply with the nondiscrimination mandates of all federal, state and local statutes, regulations and ordinances.

16. Work Product.

All finished and unfinished reports, plans, studies, documents and other writings prepared by and for Contractor, its officers, employees and agents in the course of implementing this Agreement shall become the sole property of CPA upon payment to Contractor for such work. CPA shall have the exclusive right to use such materials in its sole discretion without further compensation to Contractor or to any other party. Contractor shall, at CPA's expense, provide such reports, plans, studies, documents and writings to CPA or any party CPA may designate, upon written request. Contractor may keep file reference copies of all documents prepared for CPA.

17. Notices

Any notice, request, demand, or other communication required or permitted under this Agreement shall be deemed to be properly given when **both**: (1) transmitted via email to the email address listed below; and (2) sent to the physical address listed below by either being deposited in the United States mail, postage prepaid, or deposited for overnight delivery, charges prepaid, with an established overnight courier that provides a tracking number showing confirmation of receipt.

Parties and their respective successors and permitted assigns.

19. Subcontracting

Contractor may not subcontract Services to be performed under this Agreement without the prior written consent of CPA. If the CPA's written consent to a subcontract is not obtained, Contractor acknowledges and agrees that CPA will not be responsible for any fees or expenses claimed by such subcontractor.

20. Retention of Records and Audit Provision

Contractor and any subcontractors authorized by the terms of this Agreement shall keep and maintain on a current basis full and complete documentation and accounting records, employees' time sheets, and correspondence pertaining to this Agreement. Such records shall include, but not be limited to, documents supporting all income and all expenditures. CPA shall have the right, during regular business hours, to review and audit all records relating to this Agreement during the Agreement period and for at least five (5) years from the date of the completion or termination of this Agreement. Any review or audit may be conducted on Contractor's premises, or, at CPA's option, Contractor shall provide all records within a maximum of fifteen (15) days upon receipt of written notice from CPA. Contractor shall refund any monies erroneously charged. Contractor shall have an opportunity to review and respond to or refute any report or summary of audit findings and shall promptly refund any overpayments made by CPA based on undisputed audit findings.

21. Conflict of Interest

- a. No CPA employee whose position with the CPA enables such employee to influence the award of this Agreement or any competing Agreement, and no spouse or economic dependent of such employee, shall be employed in any capacity by the contractor or have any other direct or indirect financial interest in this Agreement. No officer or employee of the Contractor who may financially benefit from the performance of work hereunder shall in any way participate in the CPA's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence the CPA's approval or ongoing evaluation of such work.
- b. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Agreement. The Contractor warrants that it is not now aware of any facts that create a conflict of interest. 23. Governing Law, Jurisdiction, and Venue

This Agreement shall be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all purposes regarding this Agreement and further agrees and consents that venue of any action brought hereunder shall be exclusively in the County of Los Angeles.

24. Amendments

None of the terms and conditions of this Agreement may be changed, waived, modified or varied in any manner whatsoever unless in writing duly signed by the Parties.

25. Severability

Should any provision of this Agreement be held invalid or unenforceable by a court of competent jurisdiction, such invalidity will not invalidate the whole of this Agreement, but rather, the remainder of the Agreement which can be given effect without the invalid provisions, will continue in full force and effect and will in no way be impaired or invalidated.

26. Complete Agreement

This Agreement constitutes the entire Agreement between the parties. No modification or amendment shall be valid unless made in writing and signed by each party.
