Note: Numbers may not sum up due to rounding.

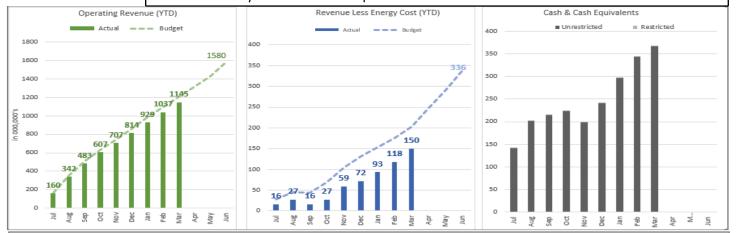

In March 2024, CPA recorded an operating gain of \$28.6 million, 24% or \$5.6 million more than the budgeted operating gain of \$23 million. March financial results were positively impacted by the non-utilization of contingencies in the cost of energy budget.

sults

For the year-to-date CPA recorded operating income of \$120.3 million, 27% or \$43.8 million below budget. CPA's year to date financial results were negatively impacted by abnormally cool weather for much of the first half of the FY 2023/24 and an increase in the 2023 Market Price Benchmark promulgated by CPUC in early October 2023 which increased certain renewable energy costs. Operating costs were 24% below budget due to lower than budgeted spending on general and administrative expenses and other services, and the non-utilization of contingencies.

As of March 31,2024, CPA had unrestricted cash, cash equivalents and investments of \$365.9 million and \$159.8 million available on its bank line of credit representing 155 Days Liquidity on Hand.

CPA is financially sound and in compliance with its bank and other credit covenants.
