

# Understanding Your Bill

Clean Power Alliance knows utility bills can be confusing. We are here to help.

Your monthly electricity bill consists of charges from both Clean Power Alliance (CPA) and Southern California Edison (SCE) as well as state required charges and taxes.

## CPA

Charges on your bill are for the clean energy that we purchase on behalf of our customers — this is called a generation charge.

- The electricity cost on your bill reflects the specific energy option that was selected: 100% Green Power (100% renewable energy), Clean Power (50% clean energy) or Lean Power (40% clean energy).
- All electricity purchased for you or your business comes from CPA.

## SCE

Your monthly electric bill is sent to you by SCE. CPA does not own or operate the infrastructure that delivers electricity to you.

- SCE charges reflect the cost of delivering electricity to you.
- All customers pay the same delivery charges to SCE no matter who supplies your energy.

This sample bill is representative of a residential customer on a residential time of use rate and does not reflect specific customer data or all customer rate options. If you have questions about your rates, please contact CPA customer service for assistance.

**1** Your customer account number. Your customer account may include one or more individual service accounts or meters.

**2** This section summarizes the SCE delivery charges (noted with “SCE” under Your rate) and the CPA generation charges for each of your service accounts/addresses. CPA charges are not an additional charge — they simply replace the generation charges that SCE would have billed if you were a bundled SCE customer (a customer receiving both generation and delivery from SCE).

Things you should know

**Fixed Recovery Charge**  
SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

**3** Your cost varies by time of day

Winter cost periods (Oct 01-May 31)

Weekdays	Weekends & Holidays
Mid peak 4pm - 9pm	4pm - 9pm
Off peak 12am - 8am	12am - 8am
9pm - 12am	9pm - 12am
Super off peak 8am - 4pm	8am - 4pm

Usage	Avg. cost	Total cost
Mid peak 161 kWh	x \$0.31590	= \$50.86
Off peak 263 kWh	x \$0.26665	= \$70.13
Super off peak 215 kWh	x \$0.24893	= \$53.52
639 kWh		\$174.51 Energy Charges
		-\$38.12 Other credits/charges
		<b>\$136.39 Total</b>

Costs are rounded and include delivery and generation charges only. During season or price changes, averages are used. To view all charges and credits and to calculate your bill, refer to **Details of your new charges**.

**4** Your past and current electricity usage

For meter 212345-123456 from 01/06/24 to 02/05/24  
 Total electricity you used this month in kWh 639

**5** Details of your new charges

Your rate: TOUD-4-9PM (SCE)  
 Billing period: 01/06/24 to 02/05/24 (31 days)

Delivery charges - Cost to deliver your electricity	Amount	Your Delivery charges include:
Basic charge 31 days x \$0.03100	\$0.96	\$10.65 transmission charges
Baseline credit 372 kWh x -\$0.09637	-\$35.85	\$107.37 distribution charges
Energy-Winter		\$0.06 nuclear decommissioning charges
Mid peak 161 kWh x \$0.31588	\$50.86	\$13.78 public purpose programs charge
Off peak 263 kWh x \$0.26665	\$70.13	\$7.14 new system generation charge
Super off peak 215 kWh x \$0.24895	\$53.52	
CCA cost responsibility surcharge		
PCIA 639 kWh x -\$0.01350	-\$8.63	<b>Your overall energy charges include:</b>
CCA wildfire fund charge 639 kWh x \$0.00561	\$3.58	Service voltage: 240 volts
CTC 639 kWh x -\$0.00039	-\$0.25	Generation Municipal Surcharge (GMS) factor: 0.00291
Other charges or credits		2018 Vintage CRS
Fixed recovery charge 639 kWh x \$0.00188	\$1.20	
Generation Municipal Surcharge	\$0.87	
Subtotal of your new charges	\$136.39	
Your new charges	<b>\$136.39</b>	

**7** Rate Identification Number - RIN

USCA-SCXX-1234-1234  
 In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit [sce.com/helpcenter/rin](http://sce.com/helpcenter/rin).

**10** Things you should know

**Clean Power Alliance service expands to 35 cities**  
 CPA welcomes our new customers in Hermosa Beach, Manzanita, and Santa Paula who start service in March 2024. Choosing CPA energy options makes communities cleaner and more sustainable. See your community's environmental benefits at [CleanPowerAlliance.org/communities](http://CleanPowerAlliance.org/communities).

**Winter energy savings tip**  
 When you leave the house or before you go to sleep, turn the thermostat down a few degrees to save on heating bills. A programmable thermostat makes it easy to control the temperature. Learn more at [CleanPowerAlliance.org/powerresponse](http://CleanPowerAlliance.org/powerresponse).

**Did you know?**  
 Clean Power Alliance is ranked the #1 Green Power Provider in the country by the U.S. Department of Energy's National Renewable Energy Laboratory. Learn more about this exciting designation at [CleanPowerAlliance.org/news](http://CleanPowerAlliance.org/news).

**3** This section shows how much energy you used at different times of the day. Electricity prices are typically lower during the day and overnight, and higher in the early evening.

**4** The bar chart shows the amount of energy you used in this annual period. If your bill has gone up or down significantly, check to see if this may be due to changes in your usage.

**5** Detail of your SCE Delivery Charges.

**6** Community Choice Aggregation (CCA) surcharges are charges paid by all electricity customers. They are itemized separately under SCE Delivery Charges for CCA customers.

CCA wildfire fund charge (formerly known as DWR Bond Charge) and CTC (Competition Transition Charge) are state fees paid by all electricity customers.

The PCIA (Power Charge Indifference Adjustment) is a fee from SCE that covers costs from long-term energy contracts. To ensure our customers' total bills remain competitive, CPA adjusts its generation rates to reflect the PCIA.

**7** This Rate Identification Number (RIN) may help program smart devices. Learn more at [energy.ca.gov](http://energy.ca.gov).

**8** POD-ID= Point of Delivery Identification number. The POD-ID identifies your unique service location and meter.

**9** Your CPA rate name and billing period. In most cases your rate's time-of-use (TOU) periods or usage tiers are the same as those of your SCE delivery rate schedule.

**10** Details of your CPA generation charges, including your selected CPA energy product.

**11** The Utility Users Tax and Energy Surcharge are government fees collected from all electricity customers and remitted to the relevant local and state public authorities.
