

TASK ORDER - INGLEWOOD OIL FIELD CLEAN ENERGY STORAGE OPTIONS STUDY

Questions & Responses

#	Question	Response
1	Is Baldwin Hills County the designated site location for this Task Order? If yes, is there a specific portion in this location that LA County intends to convert to clean energy usage?	The LA County owned portion of the Inglewood Oil Field is the intended portion of this study. LA County is not directly involved in this study and to CPA's knowledge has no plans to convert the site to clean energy usage at this time.
2	Does LA County anticipate other site locations to be included in the Study?	Please review CPA's response to question #1.
3	Will there be other site locations included in the Study?	Please review CPA's response to question #1.
4	Will CPA be providing any environmental studies, technical drawings and site layouts of the proposed portions of the LA County's portion of the IOF?	No.
5	Will CPA be providing a list of the current electrical equipment and infrastructure currently in the Baldwin Hills CSD?	No.
