

## The Instant AC Savings Program Gives You Up to a \$300 Incentive On a New Air Conditioner

**This summer, beat the heat with savings on an ENERGY STAR® air conditioner.**

Clean Power Alliance makes access to energy-efficient air conditioning more affordable.

### Instant AC Savings Program

# \$300

CPA CARE or FERA customers are eligible for \$300 in savings toward the purchase of an eligible ENERGY STAR® room or window AC unit.

Not a CARE or FERA customer? You may still be eligible for a \$90 Golden State Rebates coupon.

Visit [cleanpoweralliance.org/InstantAC Savings](https://cleanpoweralliance.org/InstantAC Savings) to learn more.

### How to Claim Your AC Savings

#### STEP 1

#### Confirm Your Eligibility

If you are a CARE or FERA customer, fill out the eligibility portion of the online application by entering your address and contact information to see if you qualify.

#### STEP 2

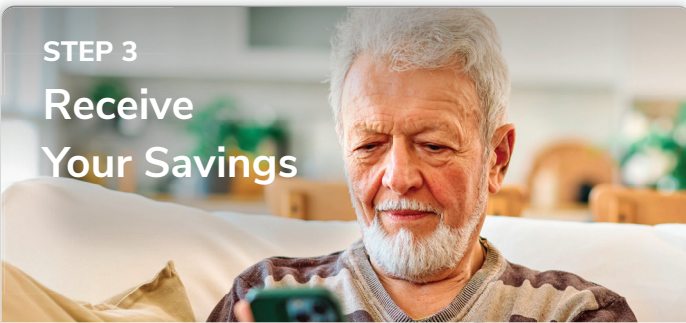

#### Select Your Retailer

Once you verify your eligibility, select a participating retailer from which to purchase your qualified room air conditioner.

#### STEP 3

#### Receive Your Savings

Once you've selected your retailer, provide your email to receive the Golden State Rebates coupon. The coupon must be redeemed in-store towards the purchase of an eligible ENERGY STAR® AC.

#### STEP 4

#### Redeem and Stay Cool

Enjoy up to \$300 in savings on an energy-efficient AC unit when you redeem it in-store at The Home Depot or Lowe's. The Instant AC Savings program keeps you and your family cool, for less.

## Why get an energy-efficient AC?

### ENERGY STAR® air conditioners

#### Save Energy

Use about 23% less energy than standard models, depending on the product class.

#### Cost Less

Cost approximately \$70 per year to operate, on average.

#### Adjust Speed

Feature variable speed technology for greater efficiency and quieter cooling.

#### Better Quality

Include better materials and clearer instructions to reduce air leaks through improved sealing and insulation.

Statistics from [energystar.gov](https://energystar.gov)

### If all U.S. room air conditioners were ENERGY STAR®:

**\$1 Billion**

would be saved annually in energy costs.

**1.3 Million**

It would prevent approximately 12.5 billion pounds of greenhouse gas emissions each year—equal to preventing the emissions of having approximately 1.3 million passenger vehicles on the road for one year.

## Frequently Asked Questions

### How are Golden State Rebates and CPA's Instant AC Savings program related?

Golden State Rebates (GSR) and CPA work together to offer Clean Power Alliance's California Alternate Rates for Energy (CARE) or Family Electric Rates Assistance (FERA) program customers a combined \$300 incentive for energy-efficient air conditioners—\$90 from GSR and \$210 from CPA.

### Who is eligible for CPA's Instant AC Savings program?

CPA residential CARE and FERA customers can receive a \$210 incentive for energy-efficient room air conditioners, plus a \$90 incentive from Southern California Edison (SCE) through Golden State Rebates—\$300 total through one application.

### How do I know if I'm a CARE or FERA customer?

You can find out if you're a CARE or FERA customer by checking your electricity bill for a CARE or FERA discount. If it's not listed, verify your status or apply for the program online based on your household size and income at [sce.com/care](https://sce.com/care).
