

Terms and Conditions of Service

Clean Power Alliance's terms and conditions of service are subject to change. Current terms and conditions of service can be viewed at cleanpoweralliance.org or by contacting Clean Power Alliance at 888-585-3788 (TTY 323-214-1296). Clean Power Alliance rates, including associated energy content, are subject to change and changes are adopted at duly noticed public meetings of the Clean Power Alliance Board of Directors, available at cleanpoweralliance.org/agendas.

Billing: Each month, Clean Power Alliance customers receive a single monthly bill from Southern California Edison (SCE), just as they would under SCE bundled service. This bill includes all electric charges, including Clean Power Alliance's power generation charges for the procurement of energy ("Generation"). These are not duplicate charges, and you will not receive any generation charges from SCE. SCE will continue to charge you for transmission and distribution ("Delivery") services, the Power Charge Indifference Adjustment (PCIA), Wildfire Fund Charge, and other Delivery charges, all of which SCE also collects from bundled customers, who receive both Delivery and Generation services from SCE.

Enrollment: Unless you opt out, your account will be automatically enrolled in Clean Power Alliance on the first meter read date following the launch of Clean Power Alliance service by your city or county, or on

your account's service start date, whichever is later. For information on your city or county's launch of service date, please see your enrollment notice or visit cleanpoweralliance.org.

Opt out: You have the right to opt out of Clean Power Alliance without penalty at any time. You will not be charged any fees by Clean Power Alliance if you opt out or if you cancel electric service altogether (for example, if you move). However, customers who opt out of Clean Power Alliance after service launch may be charged a one-time account processing fee by SCE* and will be prevented by SCE from returning to Clean Power Alliance for a minimum of 12 months. By opting out, you will also be subject to SCE's current rates and terms and conditions of service, which are subject to change.

For details on SCE's rates and terms and conditions, please visit sce.com/regulatory/tariff-books. If you opt out, you will still be charged for all Clean Power Alliance generated electricity you used before the transfer of electric service. Accounts will be transferred when the electric meter is read and cannot be transferred during the middle of a billing cycle. In order for your request to be processed on your next meter read date, your request must be received at least 5 business days prior to the date on which the meter is read. To opt out, please call Clean Power Alliance at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org. Please have your electric bill handy so you have the information needed to process the request.

Discount programs: If you are currently enrolled in the California Alternative Rates for Energy (CARE) program, the Family Electric Rate Assistance (FERA) program, Medical Baseline, Budget Billing Plan, or Summer Discount Program, you will continue to receive these benefits and discounts as a Clean Power Alliance customer.

Failure to pay: Clean Power Alliance may transfer your account to SCE upon 14 calendar days' written notice to you if you fail to pay any portion of the Clean Power Alliance charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE, including SCE's current rates and terms and conditions of service. CPA may also transfer accounts with unpaid balances to a collection agency.

Privacy policy: Clean Power Alliance's privacy policy is available at www.cleanpoweralliance.org/privacy-policy

*SCE's one-time account processing fee, as well as SCE's other terms and conditions of service, are subject to change. View SCE's fees and terms of service at sce.com/regulatory/tariff-books. and conditions of service, are subject to change. View SCE's fees and terms of service at sce.com/regulatory/tariff-books.

Official Notice #2 from your new electricity provider, Clean Power Alliance.

Enjoy the benefits of clean power at competitive rates!

CleanPowerAlliance.org/Lynwood

Hello, Lynwood!

The City of Lynwood has selected Clean Power Alliance (CPA) as your new electricity provider. Starting in October 2025, your home and/or business will automatically receive clean, competitively priced energy from CPA.

Read this official notice to learn more about your options.

The City of Lynwood selected CPA's Clean Power as the preferred energy option to serve your community, avoiding more than 22 million pounds of harmful greenhouse gas emissions each year and making Lynwood cleaner and more sustainable. You may choose a different energy option from CPA or stay with your current electricity provider, Southern California Edison (SCE).

Learn more about Clean Power Alliance, our energy- and cost-saving programs, and environmental benefits at CleanPowerAlliance.org or by calling our customer service team at 888-585-3788. Welcome to Clean Power Alliance.

We're excited to be your new electricity provider.

Your energy options with total average monthly bill comparisons to SCE's base rate for residents and small/medium businesses*

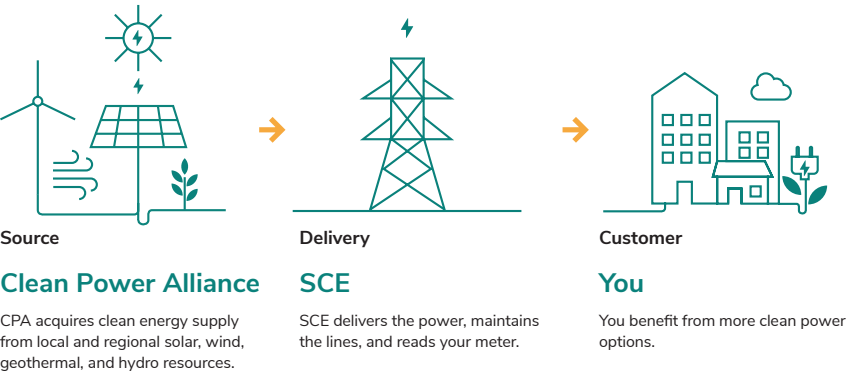

You can compare total average monthly bills for service with Clean Power Alliance and service with SCE by using our online bill comparison tool at CleanPowerAlliance.org/compare. You can decide which option is best for your needs and priorities.

*Comparisons are based on total average monthly bills, including generation, delivery, PCIA (Power Charge Indifference Adjustment), and surcharges, at current CPA and SCE rates. Rates are subject to change. Individual customer comparisons may vary depending on the selected energy option, customer usage, and current rates. Large commercial account customers should contact CPA for information about their rates. Bill comparisons are valid through June 2026 as approved by CPA's Board of Directors in December 2024.

How does this work?

The City of Lynwood chose to offer you new clean energy options through Clean Power Alliance (CPA) and selected CPA's Clean Power as its preferred energy option.

- In October 2025, you will automatically begin receiving electricity purchased by CPA that has high levels of renewable energy and is competitively priced with Southern California Edison (SCE).
- SCE will still deliver electricity to your home or business and send your monthly bill. Starting with your first bill in November, your power generation charges will be for CPA's purchase of energy on your behalf instead of the current power generation costs charged by SCE.
- CPA is not an extra charge on your bill but simply replaces your previous generation charge from SCE.

What are my choices?

If you do nothing, you will continue at Lynwood's preferred energy option of Clean Power. Want a different energy choice? No problem. You can change your selection at any time by choosing one of Clean Power Alliance's two other energy choices: 100% Green Power (with 100% renewable energy) or Lean Power (with 40% clean energy), your lowest-priced energy option.

We hope you will stay with CPA, but you can also opt out and stay with SCE by visiting CleanPowerAlliance.org or calling us at 888-585-3788.

What will it cost?

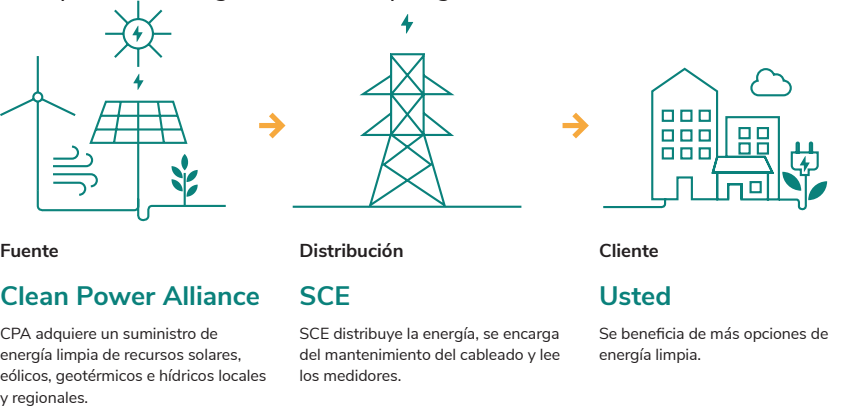

Clean Power Alliance offers high levels of renewable energy content at competitive rates. For residents and small/medium businesses, on a total average monthly bill basis per energy option, 100% Green Power is currently 5% more than SCE's base rate or about \$5 per \$100 of electricity charges, for approximately three times the amount of renewable energy; Clean Power is on par with SCE's rate; and Lean Power is about 1% less than SCE (\$1 less per \$100 of electricity charges). Large commercial account customers should contact CPA for information about your rates.

Learn more about CPA at CleanPowerAlliance.org or by calling our customer service team at 888-585-3788.

¿Cómo funciona?

La ciudad de Lynwood eligió ofrecerle nuevas opciones de energía limpia por medio de Clean Power Alliance (CPA) y seleccionó a Clean Power como su opción de energía preferida.

- En octubre de 2025, CPA le suministrará automáticamente electricidad con altos niveles de energía renovable y con un precio competitivo comparado con Southern California Edison (SCE).
- SCE seguirá suministrando electricidad a su casa o empresa y enviando su factura mensual. Comenzando con su primera factura en noviembre, sus cargos de generación de energía serán por la energía que CPA compra en su nombre, en lugar de los costos actuales por generación de energía que cobra SCE.
- CPA no es un cobro adicional en su factura, sino simplemente reemplaza sus cargos anteriores por generación de SCE.

¿Qué opciones tengo?

Si no hace nada, seguirá con Clean Power, la opción de energía preferida de Lynwood. ¿Quiere una opción de energía diferente? No hay problema. Puede cambiar su selección en cualquier momento eligiendo una de las otras dos opciones de energía de Clean Power Alliance: 100% Green Power (con un 100 % de energía renovable) o Lean Power (con un 40 % de energía limpia), la opción de energía más económica de CPA.

Esperamos que se quede con CPA, pero también puede elegir quedarse con SCE visitando CleanPowerAlliance.org o llamándonos al 888-585-3788.

¿Cuánto costará?

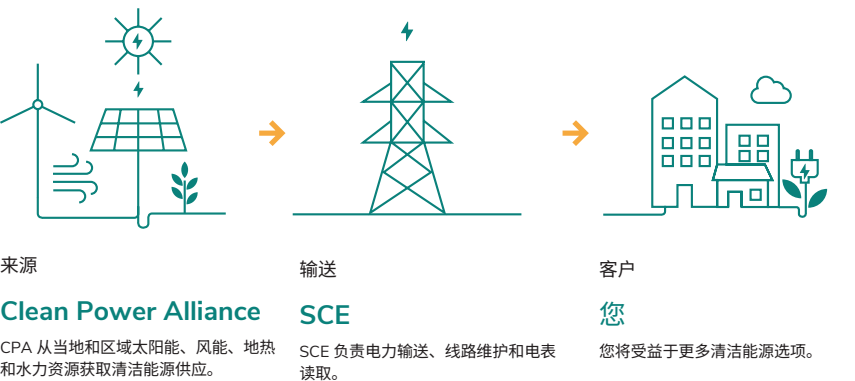

Clean Power Alliance ofrece altos niveles de energía renovable a tarifas competitivas. Para los residentes y las pequeñas y medianas empresas, según el promedio total de la factura mensual por opción de energía, 100% Green Power es actualmente un 5 % más que la tarifa básica de SCE, o aproximadamente \$5 por cada \$100 de cargos de electricidad, por aproximadamente tres veces la cantidad de energía renovable; Clean Power es similar a la tarifa de SCE; y Lean Power es aproximadamente un 1 % menos que SCE (\$1 menos). Los clientes con cuentas comerciales grandes deben comunicarse con CPA para obtener información sobre sus tarifas.

Obtenga más información sobre CPA en CleanPowerAlliance.org o llamando a nuestro equipo de atención al cliente al 888-585-3788.

它是如何運作的？

Lynwood 市携手 Clean Power Alliance (CPA)为您推出全新清洁能源选项，并将Clean Power列为其 首选能源选项。

- 2025年10月起, 您将自动接入由CPA采购的高比例可再生能源电力, 并享受与Southern California Edison (SCE)相比更具竞争力的电价。
- SCE仍将负责为您的住宅或商业场所输送电力并寄送 月度账单。从11月首份账单起，您的发电费用将变更为CPA代您采购能源的费用, 不再按SCE目前的发电成本收取。
- CPA不会在您的账单中额外收费, 只是取代 SCE此前收取的发电费用。

我有哪些选择？

若您未采取任何行动，则将继续使用 Port Hueneme 的首选能源选项Clean Power。若您想体验不同的能源方案，随时可以调整！您可随时切换选择，从Clean Power Alliance的其他两种方案任选其一：100% Green Power (100% 可再生能源) 或Lean Power (40%清洁能源, CPA的经济型低价之选)。

我们期待您选择CPA。若您希望退出并转回SCE, 可访问CleanPowerAlliance.org 或致电888-585-3788联系我们办理。

费用是多少？

Clean Power Alliance以极具竞争力的价格提供高比例可再生能源。就居民及中小型企业用户而言，各能源选项的月均账单对比如下: 100% Green Power目前较SCE的基准费率高出5%, 即每100美元电费多付5美元，但可以享受近三倍的可再生能源含量; Clean Power 与SCE价格持平; Lean Power的价格比 SCE低约1% (每100美元电费节省1美元)。大型商业客户可联系CPA获取专属费率标准。

请访问 CleanPowerAlliance.org 或拨打我们的客户服务团队电话 888-585-3788 以了解更多有关 CPA 的信息。
