

SGIP Public Equipment List - Paired Systems

(1) The Paired Systems shaded this color are not capable of backup operation and cannot participate in the Equity Resiliency Budget or Opt-in to Resiliency Requirements (§ 4.1.13, 5.4.1.7, and 5.4.3.3 of the 2021 SGIP Handbook).
 *Systems with 'N/A' under the '10-Yr Performance Warranty' column indicate a response was not provided from the manufacturer to add a 'Yes/No' designation.

Last Update: 3/13/2026

SGIP Public Equipment List - Integrated Systems

(1) The Integrated Systems shaded this color are not capable of backup operation and cannot participate in the Equity Resiliency Budget or Opt-In to Resiliency Requirements (§ 4.113, 5.4.1.7, and 5.4.3.3 of the 2021 SGIP Handbook).

*Systems with 'N/A' under the '10-Yr Performance Warranty' column indicate a response was not provided from the manufacturer to add a 'Yes/No' designation.

Last Update: 4/15/2026

SGIP Public Equipment List - Integrated Systems

(1) The Integrated Systems shaded this color have a single cycle round trip efficiency less than 85% and do not meet the Upfront Eligibility Requirements for New Residential Projects (§ 5.2.8 of 2021 SGIP Handbook).

Last Update: 12/2/2024
