RESOLUTION NO. 26-06-107

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CLEAN POWER ALLIANCE OF SOUTHERN CALIFORNIA TO APPROVE FISCAL YEAR 2026-2027 RATES FOR PHASE 1 THROUGH 7 CUSTOMERS

THE BOARD OF DIRECTORS OF THE CLEAN POWER ALLIANCE OF SOUTHERN CALIFORNIA DOES HEREBY FIND, RESOLVE, AND ORDER AS FOLLOWS:

WHEREAS, the Clean Power Alliance of Southern California (formerly known as Los Angeles Community Choice Energy Authority) ("Clean Power Alliance" or "CPA") was formed on June 27, 2017;

WHEREAS, on February 1, 2018, CPA commenced with the enrollment of all municipal accounts in unincorporated Los Angeles County. This enrollment of Los Angeles County municipal accounts is referred to as "Phase 1";

WHEREAS, on June 1, 2018, CPA commenced with the enrollment of all non-residential customers in unincorporated Los Angeles County, South Pasadena, and Rolling Hills Estates. This enrollment of the non-residential customers for Los Angeles County, South Pasadena, and Rolling Hills Estates is referred to as "Phase 2";

WHEREAS, on February 1, 2019, CPA commenced the enrollment of all residential customers in CPA's then current jurisdiction of 31 member agencies. Starting on May 1, 2019, CPA also commenced enrollment of all non-residential customers in CPA's then current jurisdiction, except for the non-residential customers in Los Angeles County, South Pasadena, and Rolling Hills Estates as these non-residential customers were enrolled in Phase 2. The enrollment of the residential customers of the 31 member agencies is referred to as "Phase 3" and the enrollment of the non-residential customers except those in Los Angeles County, South Pasadena, and Rolling Hills Estates is referred to as "Phase 4";

WHEREAS, on June 6, 2019, the Board authorized the Wind Machine Credit for eligible TOU-PA-2 customers that utilize wind machines to prevent crop freezing and the Board approved Wind Machine Credits at the annual rate setting thereafter;

WHEREAS, on June 1, 2020, CPA commenced the enrollment of all residential and non-residential customers in Westlake Village. The enrollment of Westlake Village customers is referred to as "Phase 5";

WHEREAS, on December 3, 2020, the Board, through its adoption of Resolution No. 20-12-012, approved the Power Share Tariff ("Power Share Tariff") which provides a 20 percent discount to eligible customers on their generation and authorized the Chief Executive Officer, every annual rate setting thereafter, to change the rates from time to time as needed to maintain the 20 percent discount;

WHEREAS, on December 7, 2023, the Board, through adoption of Resolution No. 23-12-057, approved the Power Share Community Solar Tariff ("Community Solar Tariff") for eligible customers. This tariff placed Community Solar customers on the same Power Share rates as authorized under the Power Share Tariff. "Power Share Tariff" and "Community Solar Tariff" shall be referred to jointly as "Power Share";

WHEREAS, on March 1, 2024, CPA commenced the enrollment of all residential and non-residential customers in Hermosa Beach, Monrovia, and Santa Paula. The enrollment of Hermosa Beach, Monrovia, and Santa Paula customers is referred to as "Phase 6";

WHEREAS, on October 1, 2025, CPA commenced the enrollment of all residential and non-residential customers in La Cañada Flintridge, Lynwood, and Port Hueneme. The enrollment of La Cañada Flintridge, Lynwood, and Port Hueneme customers is referred to as "Phase 7";

WHEREAS, CPA's Board of Directors ("Board"), at publicly-noticed meetings, has adopted and approved rates for Phases 1 through 7, as appropriate, from time to time, since the enrollment of these customers (this paragraph and the prior paragraphs are referred to as "Prior Rate Setting Background");

WHEREAS, on March 5, 2026, the Board approved implementation of a TOU-SMART Pilot ("Pilot") to test the impact of the lower daytime electricity rates on customer behavior and CPA energy costs and directed staff to develop rates to amplify price signals to charge during daytime hours of 8:00 a.m. to 4:00 p.m. when CPA's costs of energy and emissions generated are lowest, and solar energy is most abundant;

WHEREAS, on April 2, 2026, the Board received a presentation on the FY 2026-27 rates outlook summarizing the impacts of a cost environment that may widen the price spreads between CPA's energy products; potential reserves impacts and the ability for CPA to incur a loss in FY 2026-27 and use of the Fiscal Stabilization Fund to offset losses; and projected total bill comparisons and competitiveness in the upcoming fiscal year;

WHEREAS, on May 14, 2026, at a publicly-noticed meeting of the Board, the Board considered the staff report and its accompanying exhibits, including a consideration of CPA's reserve goals based on the Board-approved Reserve Policy, CPA's competitiveness across customer classes mitigating opt out risk, the potential impact of changes to the Power Charge Indifference Adjustment, and the price spread between CPA's three retail rate products. The Board also received information supporting staff's recommendation for FY 2025-2026 to authorize the existing Wind Machine Credits for eligible agricultural customers;

WHEREAS, at the May 14 Board meeting, the Board also reviewed and considered the preliminary report ("Preliminary Report") prepared by a third-party reviewing CPA's cost of service ("COS") and rate setting methodology. The Preliminary Report summarized CPA's methodology for the functionalization, classification, and allocation of costs to energy products and customer classes and resulting COS based on current CPA cost projections for FY 2026/27. The Preliminary Report reported on CPA's adherence to typical electrical industry COS practices, including those identified by the National Association of Regulatory Utility Commissioners (NARUC). Staff also stated that the Preliminary Report will be updated to reflect May 2026 updates to CPA's financial projections that would inform CPA's final FY 2026/27 rates and budget ("Final Report");

WHEREAS, on May 14, the Board considered three options for residential and small business rates reflecting the COS and establishing annual total bill comparison targets to Southern California Edison (SCE) using SCE's projected June 1, 2026 rates, as follows:

1. Option 1 – "Clean-up", with a reserve percentage target of 58-65%: Target 100% Green Power rates to provide a 7.5% premium, Clean Power a 1% premium, and Lean Power a 1% discount;

2. Option 2 – "Historical" Total Bill Comparisons, with a reserve percentage target of 56-63%: Target 100% Green Power rates to provide a 7% premium, Clean Power a 0% discount and, Lean Power a 2% discount;

3. Option 3 – Low Reserve Buffer, with a reserve percentage target of 53-60%: Target 100% Green Power rates to provide a 6% premium, Clean Power a 1% discount and, Lean Power a 3% discount;

WHEREAS, based on the foregoing considerations, including the Staff Report and its accompanying exhibits, staff presentation and information presented at its publicly-noticed meeting, on May 14, 2026, the Board approved and Option 2 ("FY 26/27 Rate Setting Approach") and approved the application of Option 2 to the rates for large commercial, industrial, pumping and agriculture, and streetlighting rate classes (collectively referred to by CPA as "Subset Rates") based on CPA's projected COS; and

WHEREAS, at the Board meeting on June 4, 2026, the Board received and considered the Staff Report and its accompanying exhibits including the Final Report reflecting updated May 2026 data, and find that the rates, as set forth in this Resolution, have been calculated on the basis of the reasonable costs incurred by CPA to provide electric service to its customers.

NOW THEREFORE, BE IT DETERMINED, ORDERED, APPROVED, AND RESOLVED, BY THE BOARD OF DIRECTORS OF THE CLEAN POWER ALLIANCE OF SOUTHERN CALIFORNIA THAT:

1. The FY 26/27 Rate Setting Approach will apply to all rates for Phases 1 through 7 customers.

2. The proposed Phases 1 through 7 rate schedules as presented in Exhibit A, attached hereto and incorporated herein, are hereby approved effective July 1, 2026 until such time as they are amended by the Board.

3. The proposed Power Share rates as presented in Exhibit B, attached hereto and incorporated herein, are hereby approved effective July 1, 2026 until such time as these rates are amended by the Board, and the Chief Executive Officer is delegated authority to amend Power Share rates from time to time.

APPROVED AND ADOPTED this 4th day of June 2026.
