Introduction and Key Information

This document contains the applicable rates and credits for customers participating in the Clean Power Alliance Power Share and Community Solar programs. These rates and credits are periodically adjusted to ensure that Power Share and Community Solar program participants receive a 20% total bill discount based on their current rate schedule, in addition to any other applicable California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) discounts. Customers enrolled in Power Share and Community Solar receive 100% renewable energy produced in communities defined as “disadvantaged” according to California Assembly Bill (AB) 327 within Clean Power Alliance or Southern California Edison (SCE) service territory.

Please see the CPA Power Share Tariff at <https://cleanpoweralliance.org/power-share/> and the CPA Community Solar Tariff at <https://cleanpoweralliance.org/communitysolar/> for full program eligibility requirements and program terms and conditions.

Clean Power Alliance's rates are determined by CPA's Board of Directors at duly noticed public meetings. Rates are subject to change. CPA's meeting agendas are available at: <https://cleanpoweralliance.org/agendas-minutes/>.

The rates shown in this document are for electricity generation/supply only. Please visit [SCE.com](https://www.sce.com) for delivery rates and schedules.

Rate Period Definitions

The name of your Clean Power Alliance rate schedule may not exactly match your SCE rate, as Clean Power Alliance offers simplified, consolidated rate options. This will not impact service, billing, or CARE, FERA, or Medical Baseline status. For a complete rate key and additional rate information please see Clean Power Alliance's full rate schedules at cleanpoweralliance.org/residential-rates.
